The Airborne Forces Security Fund

Established in 1942 the Airborne Forces Security Fund provides help for all Parachute Regiment soldiers, ex-soldiers, and their dependants who are in financial difficulties. Most recently the Airborne Forces Security Fund has provided assistance to soldiers injured in the course of their duties on operations with The Parachute Regiment in Iraq and Afghanistan. The Fund relies entirely on donations and bequests and is managed by a Board of Trustees (all ex-airborne) which meets twice a year to decide policy and allocate grants to the soldiers and families most in need.

In 2007 The Airborne Forces Security Fund provided grants to 230 soldiers, ex-soldiers and their dependents. The majority of these grants paid for disabled facilities to property and vehicles. By making these grants we aim to improve the quality of life of the soldier/ ex-soldier, enabling them to keep their independence and remain in their communities.

The Airborne Forces Security Fund recommends www.justgiving.com, a website which provides an easy and efficient way to donate and raise money for charity.

THANK YOU FOR YOUR SUPPORT!
